Lee Daniels' *The Butler*. The film conjured up so many emotions. Forest Whitaker tugged at our hearts in his role as Cecil Gaines serving eight presidents during his 34-year tenure as a butler at the White House. Throughout the movie, in a realistic depiction, we were reminded of major historical events such as the Civil Rights Movement, the Voting Rights Movement, Vietnam, and other events which affected this man's life, family, and American society. Outstanding!
